

KWC

Swiss Water Experience

KWC
EVE

THE ELEGANCE IS IN THE DETAIL

KWC EVE is designed to appeal to your sense of elegance. The feminine silhouette of this shapely beauty captivates you with both its style and its sophistication. The integrated LEDs illuminate the jet of water to create an enchanting sculpture of light, while in terms of functionality, KWC EVE is a shining example of sustainable innovation.

Covert and discreet

This covered pull-out aerator shares its secrets with you alone. The pull-out spray with a flexible hose is integrated into the spout with perfect discretion.

Round and about

With a radius of 320°, you can swing this faucet round to its full extent. The elegant spout swivels easily, giving you even more freedom to move around comfortably in the kitchen.

**On and off**

A touch of a button is all it takes for LEDShine to transform the jet of water from your faucet into a wonderful play of light. The light switches off automatically after 45 minutes.

Bright and brilliant

To create the right atmosphere in your kitchen, you can activate the LEDShine play of light whenever the mood strikes you. The light ring is integrated into the pull-out aerator, making it seem invisible, while the LEDs have a very long lifespan but use very little electricity.

**A WATER
FEATURE
WORTHY OF
PARADISE**

KWC +

UniqueLever

Innovative lever designs that allow for natural and intuitive use: UniqueLever features innovative KWC design – elegance and precision that you can not only see, but also feel every day.

OptimalSpace

Practical yet elegant ergonomic design: OptimalSpace features long, tall spouts that provide ample space for washing and or working.

TouchProtect

Safe to use: An insulated hot water guidance system with a “double skin” principle means the body of the faucet or the pull-out spray can become warm but never hot. In this way, TouchProtect intelligently prevents scalding.

DesignSpray

Elegant design and functionality: With DesignSpray, the pull-out spray is seamlessly integrated and recessed. It can be easily extended with just one finger.

HealthProtect

Better hygiene and unchanged water quality: HealthProtect highlights the strict standards we set ourselves to ensure that our faucets do not affect the taste and smell of your water – that is why we use high-quality materials (metals, plastics) that are ideally suited for contact with water.

GlacierFinish

Robust surfaces and high-quality craftsmanship: GlacierFinish is equipped with durable surfaces that are exceptionally robust and feature an attractive polished shine that you can enjoy for years to come.

PrecisionMove

Exceptional elegance and precision: Precision-Move allows for seamless movements and exceptional convenience thanks to our consistent use of top-quality materials and superior craftsmanship.

EasyLock

A spray that is easy to use and automatically snaps into place: EasyLock is equipped with special positioning pins that ensure that the pull-out spray is always in the right position.

LEDShine

Visible precision and a bright, friendly workspace: LEDShine does more than just contribute to a special working atmosphere – this innovative feature makes it easier to see the tiniest specks of dirt and makes it possible to use the faucet without turning on a light.

Kitchen

- Lever mixer
- LEDShine - Integrated LED light
 - TouchProtect - Anti-scald protection thanks to the "double skin" principle
 - EasyLock - A pull-out spray that easily slides back into place
 - OptimalSpace - Ample space for washing or working
 - Lever installation possible on the right or left side
 - Pull-out aerator covered
 - integrated ON/OFF push-button with automatic shut-off after 45 minutes
 - up to 600 mm pull-out length
 - Hose guide, swivelling 320°
